### **Why a Hula Girl And Why \*Live Aloha\***

We are here to make it fun, so that the community wants to participate and have fun with it all while minting positive messaging and spreading ALOHA!

What is ..... **ALOHA?**

Aloha is a way of life

The Hawaiian word "also" means "presence" or "share" and the word "ha" means "breath of life" or "essence of life."

The word aloha is something that you experience, your interaction with life, passion, joy, something that's present within you. But at the same time, it's something that you share, something that is spread to those around you, sharing that energy and joy that is within you.

It's the way the Hawaiians live their everyday lives. Aloha Pono Pono Ono

### **THE DEEPER MEANING OF ALOHA by Curby Rule**

For those who follow the path of Huna, or are fortunate enough to live in Hawai'i, it is common for us to use the word Aloha. We use it in greetings and farewells and in expressing love. But the word means even more, it is a way of life.

Besides these common meanings, the word Aloha holds within itself all one needs to know to interact rightfully in the natural world. These insights describe an attitude or way of life sometimes called "The Aloha Spirit" or "The Way of Aloha".

The spirit of Aloha was an important lesson taught to the children of the past because it was about the world of which they were a part. One early teaching goes like this:

Aloha is being a part of all, and all being a part of me. When there is pain - it is my pain. When there is joy - it is also mine. I respect all that is as part of the Creator and part of me. I will not willfully harm anyone or anything. When food is needed I will take only my need and explain why it is being taken. The earth, the sky, the sea are mine to care for, to cherish and to protect. This is Hawaiian - this is Aloha! As the child grew, the need for a fundamental code of ethics was taught. This code is found within a deeper layer of the meaning of the word Aloha. The code is derived from one of the acronymic meanings of Aloha.

A, ala, watchful, alertness  
L, lokahi, working with unity  
O, oia'i'o, truthful honesty  
H, ha'aha'a, humility  
A, ahonui, patient perseverance

The kahuna David Bray interprets this code as "Come forward, be in unity and harmony with your real self, God, and mankind. Be honest, truthful, patient, kind to all life forms, and humble." He also stated that to the Hawaiian of old, Aloha meant "God in us."

So far, within Aloha, we have found an explanation of our place in the world and a code of ethics to help us with our interactions in the world. The only thing we are missing is our "prime directive" while we are here, and that too can be found within the root words that make up Aloha.

alo, 1. sharing 2. in the present  
oha, joyous affection, joy  
ha, life energy, life, breath

Using Hawaiian language grammatical rules, we will translate this literally as "The joyful sharing of life energy in the present" or simply "Joyfully sharing life".

We share this Definition to help explain why we choose "aloha" as our theme in the first place. We want to create a nft community of people from all walks of life who want to have fun and help spread the Aloha to Every Continent in the World!

We believe protecting the Environment is very important. #LiveAloha
